

Bluefield Coal Show 2015 - Day 3

September 18, 2015 - For the final day of the show, the beautiful fall weather continued, and the smell of hamburgers and hotdogs being cooked outdoors reminded everyone of the uniqueness of the Bluefield Coal Show compared with other shows in the industry. Everyone thought that this year's coal show was quite successful, and the attendance was not as bad as everyone was afraid it would be. Plans for the 2017 show are being announced. The dates will be September 13, 14, and 15.
