Engineering

Department of Mining Engineering

The UK Department of Mining Engineering is celebrating its 40th anniversary as a reinstated department within the College of Engineering. The department will also honor Professor Ted D. Haley, P.E., whose efforts were instrumental in shaping the future of the department in the late 60's through the early 80's.

The reception will be held the night prior to the KY Professional Engineers in Mining Seminar (PEM Seminar). All alumni and friends of the department are welcome to attend.

There is no cost to attend the reception, but we do ask that you register at <https://events.engr.uky.edu/pem-2021>.

For questions, or to get additional PEM Seminar or reception details, please email or call Geaunita Caylor, [g.caylor@uky.edu](mailto:g.caylor@uky.edu) or 859-257-2820.
